MEETING OBJECTIVES

PRELIMINARY TOLL MEETING PROGRAM

Why Should You Participate?

- Demonstrate your company's leadership in the field of innate immunity and translational immunology
- Reach key thought leaders academic and industry researchers and clinicians
- Raise your company's visibility in the field
- Exhibit and distribute your marketing and promotional materials

Topics

- Immunometabolism
- Emerging Immunity
- COVID therapeutics and pathophysiology
- Gut homeostasis
- Neuroinflammation
- Inflammasomes/Pyroptosis
- Epithelial host defenses and more.

Meeting Objectives

TOLL2024 is a continuation of a series of international meetings devoted to an understanding of innate immunity. The importance of innate immunity cannot be underestimated as it is the basis of some many of the most important host defenses and common diseases. Many of the most important scientists in the area of innate immunity will present their up to date research findings, which are likely to have an important effect of the direction on immunological science in the near future.
